

Monday	Tuesday	Wednesday	Thursday	Friday
<p>3-17 Warm Ups: Integer Operations</p> <p>Lesson: Compound Probability</p>	<p>3-18 Warm Ups: Fraction Operations</p> <p>Lesson: Probability Review</p>	<p>3-19 Warm Ups: Absolute Value</p> <p>Lesson: Population samples and surveys</p>	<p>3-20 Warm Ups: Counting Principle and Permutations</p> <p>Lesson: Central Tendency</p>	<p>3-21 Warm Ups: Measures of Variability</p> <p>Lesson: Interpreting and predicting from graphs</p>
<p>3-24 Warm Ups: Circumference and area of circles</p> <p>Lesson: Scatter plots and trend lines</p>	<p>3-25 Warm Ups: Missing angle measurements, pairs of angles</p> <p>Lesson: Percents</p>	<p>3-26 Warm Ups: distance on a number line</p> <p>Lesson: Unit Rates and complex fractions</p>	<p>3-27 Warm Ups: Converting Fractions and decimals</p> <p>Lesson: Proportions and Similar Figures</p>	<p>3-28 Warm Ups: Compound Probability</p> <p>Lesson: Coordinate Grid and transformations</p>
<p>3-31 Warm Ups: Using probability to determine future outcomes</p> <p>Lesson: Write Expressions from Context Factor and Expand Expressions</p>	<p>4-1 Warm Ups: Volume of Prisms and Cylinders</p> <p>Lesson: Solve Equations</p>	<p>4-2 Warm Ups: Solving Inequalities</p> <p>Lesson: Write and Solve Equations from context</p>	<p>4-3 Warm Ups: Percents</p> <p>Lesson: Evaluate numerical and algebraic expressions</p>	<p>4-4 Warm Ups: Construct and Interpret Box and Whisker Plots</p> <p>Lesson: Scale Measurement Conversions</p>
